Contributor

Tuya has launched 100+ Wi-Fi modules since the beginning of the partnership

Participant

Participated in the Smart Home workgroup and joined the standard establishment group

Tuya has launched 20+ Bluetooth modules since the beginning of the partnership

Promoter

Became a member of the Board of Directors to establish the CHIP standard

Twelve products have received the Zigbee 3.0 certification

Ecosystem Partners

Smart Electrical Products

Power your life with Intelligence

Smart Electrical Product Category

Power supply and control

Smart plug, energy monitor plug, power strip, outdoor outlet, lawn sockets , dimmer plug, nightlight plug, IR mate plug

Switches and modular controllers

Light switch, dimmer switch, curtain switches, fan switches, scene control panel, wireless switch

Retrofit and featured controllers

Mini switch module, dimmer module, curtain module, fan module, garage door opener

Power distribution and smart meter

Circuit breaker, electricity meter, water meter, gas meter

Garden & Garage Management

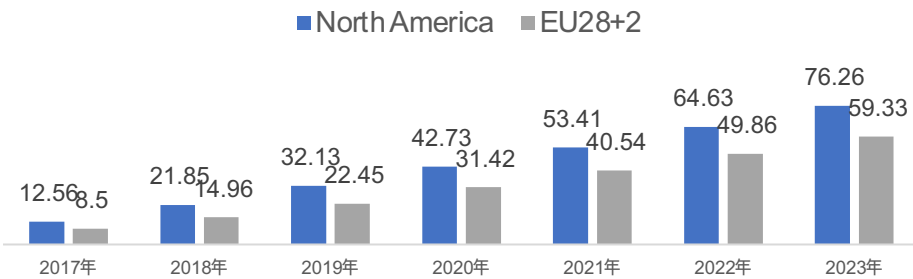

Water valve controller, irrigator, garage door opener

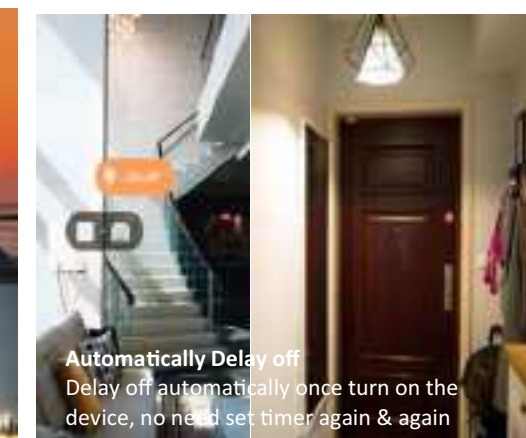

Plugs & Power strips

Easy to set up, really bring consumer convenience

Installed base of smart plugs millions
(EU28+2 and NA 2017-2023)

Key Features

Power Supply & Control

Retain the existing features of hub ,Controlled equipment to achieve intelligent

Indoor smart plug

Key Spec:

Protocol: Wi-Fi, Wi-Fi&BLE, Zigbee

Rated Spec: 120V, 10A/15A

Certification: ETL, FCC

Power Stake

Power Stake

By Feature

On/OFF basic

Add dimming function

Add Temperature controller

Key Spec:

Protocol: Wi-Fi, Wi-Fi&BLE, Zigbee

Rated Spec: 120V, 10A/15A

Certification: UL, ETL

Power Supply & Control

Retain the existing features of hub ,Controlled equipment to achieve intelligent

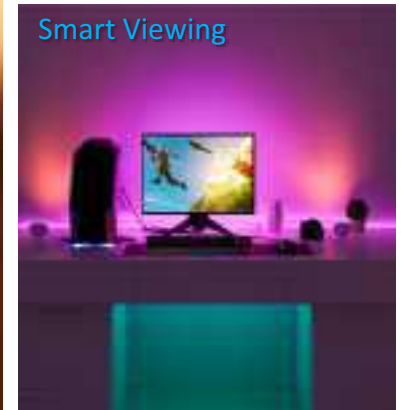

Outdoor smart plug

Protocols: Wi-Fi&BLE
Product: USB hub
Mounting type: Plug in

Highlights:

- ① Remote control
- ② Schedule remotely
- ③ High-speed 3.0 USB data interface
- ④ Through the USB interface to access more small objects , to achieve their intelligent

Switches & Accessories

No need change your conventional lighting bulb or luminaire, smart them from in - wall switch and dimmer

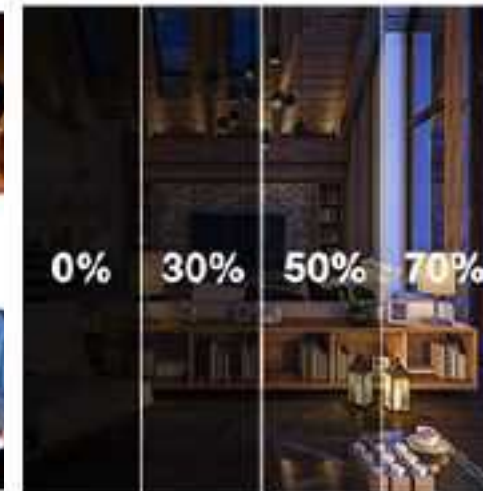

Lighting Control

Switch & Dimmer

3-way Lighting Control
Control the same light from 2 different locations

Switches & Accessories | Light Switch

No need change your conventional lighting bulb or luminaire, smart them from in - wall switch and dimmer

Switches

Protocol: Wi-Fi&BLE, Zigbee, BLE mesh

Rated Spec: 120V

Certification: ETL

Type: single pole & 3 way

Smart utility

CAGR 19-22:

Hubs/Bridges	+24%
Thermostat	+21%
Outlet	+27%
Light switch	+28%
Light bulb	+26%

3-way Lighting Control

Control the same light from 2 different locations

Switches & Accessories | Dimmer

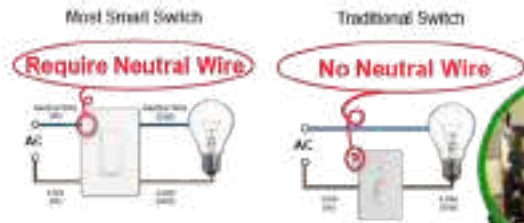

No need change your conventional lighting bulb or luminaire, smart them from in - wall switch and dimmer

Dimmer

*Neutral wire is optional

Do I have
neutral wire?

Key Spec:

Protocol: Wi-Fi&BLE, Zigbee, BLE mesh

Rated Spec: 120V

Certification: ETL

Compatible with dimmable bulb

Switches & Accessories | Ceiling Fan Switch

No need change your conventional lighting bulb or luminaire, smart them from in - wall switch and dimmer

Ceiling fan switch

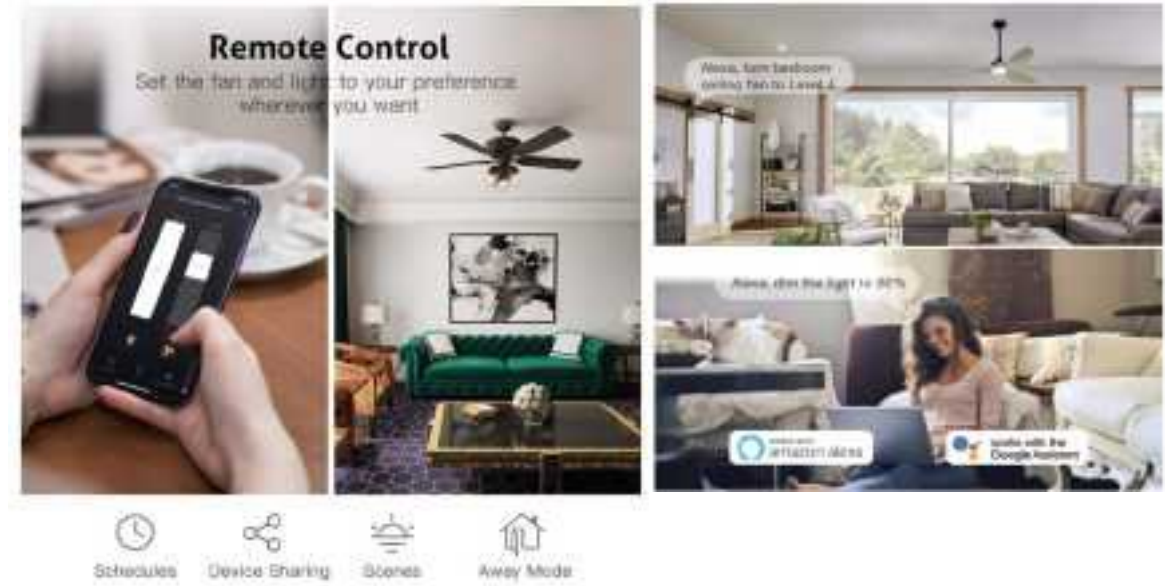

Ceiling Fan switch

Add dimmer function

Highlights:

- Remoter + App(BLE/WIFI/Zigbee) +Voice control (Alexa, Google home)
- Diming light and ceiling fan can be separately controlled

Switches & Accessories | Curtain Switch

Give the perfect view for your window

Curtain switch

Protocols: Wi-Fi, Wi-Fi&BLE, Zigbee

Product type: 1-2gang switch

Mounting type: wall mounted

Highlights:

- ① Wall mounted, neutral wire needed
- ② Quick calibration to fit in different travel distance
- ③ Compatible with AC motor and dry contact motor
- ④ Open to the right percentage for best view
- ⑤ Integrated with light sensor to get best natural light

Switches & Accessories | Wireless Switch

One button control all devices

Wireless switch

Protocols: Zigbee, BLE
Product: smart button
Mounting type: stick to the wall or no need mount

Highlights:

- ① Define the device You want to control as you like
- ② full-protocol and one-key control of cross-protocol devices
- ③ Multiple trigger action by single/double click and long press

Retrofit Controller | Switch Relay

Give the perfect view for your window

Switch relay

Product: switch & dimmer module
Protocols: Wi-Fi, Wi-Fi&BLE, Zigbee
Mounting type: ceiling mounted

Highlights:

- ① Cost effective
- ② Various retrofit application
- ③ DIY fun

Retrofit Controller | Switch & Dimmer Module

Give the perfect view for your window

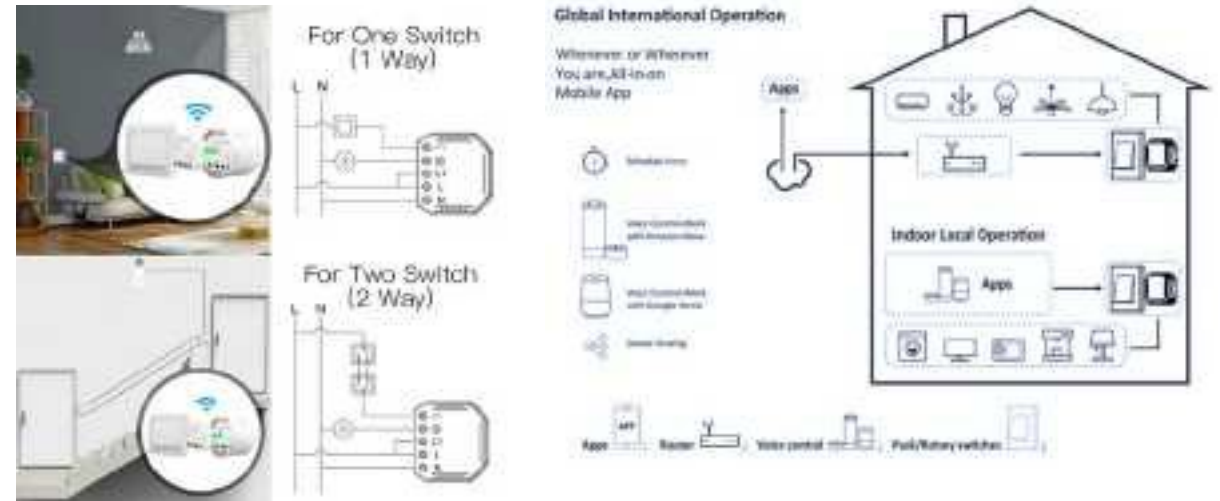

Switch & Dimmer Module

Product: switch & dimmer module
Protocols: Wi-Fi, Wi-Fi&BLE, Zigbee
Mounting type: flush mounted

Highlights:

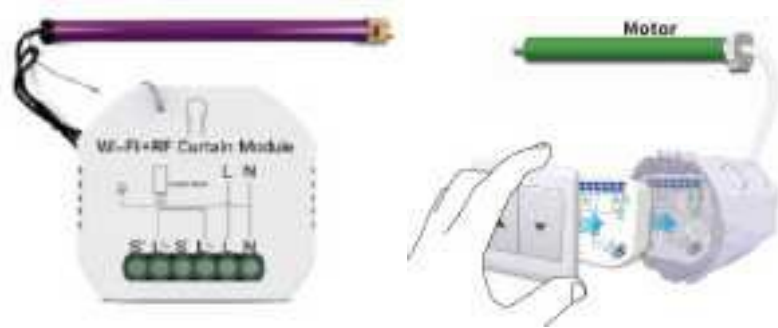

- ① **Better appearance** without throw away your traditional switch
- ② **Compact Design** to hide into your existing mounting box
- ③ **DIY lighting environment** by on/off dimming
- ④ **Added Value** bring to traditional channel

Retrofit Controller | Shutter Controller

Give the perfect view for your window

Shutter Controller

Product: Shutter controller
Protocols: Wi-Fi, Wi-Fi&BLE, Zigbee
Mounting type: flush mounted

Highlights:

- ① Retrofit solution for traditional shutter motor
- ② Compact size for flush mounted inside wall box
- ③ Keep design style without throw away existed switches
- ④ DIY and widely applied different retrofit application
- ⑤ Neutral wire needed

Application

Group Function and Set Scenes.

Power distribution and smart meter

Smart Electric Meter

Product: Electricity meter

Protocols: Wi-Fi, NB-IOT

Highlights:

- ① History energy consumption monitoring
- ② Three-phase voltage, current, power display
- ③ Prepaid & recharge
- ④ Remote control
- ⑤ Integrated with other device to get more energy saving

Circuit Breaker

Product: Circuit breaker

Protocols: Wi-Fi, NB-IOT

Highlights:

- ① Powerful protection and alarm function
- ② Three-phase voltage, current, power display
- ③ Electricity metering
- ④ Remote control
- ⑤ Pre-payment & bill management
- ⑥ Integrated with other device to get more energy saving

Smart Garage Door Opener

Easily upgrade your garage to be smart

Product: wired garage, up to 3 doors can be controlled

Protocols: Wi-Fi, Wi-Fi&BLE

Highlights:

- ① Remote Control
- ② Schedule & Timer
- ③ Voice control
- ④ Automatically open/close driving home
- ⑤ Overtime opening notification
- ⑥ Family sharing
- ⑦ High security with encrypted voice pass code

Smart Watering

Offer a easier and energy saving solution for your garden

Outdoor Smart water controller

Product: Water valve controller

Protocols: Wi-Fi, BLE

Highlights:

- ① Garden caring with remote control
- ② Hands free watering by schedule & voice
- ③ Smart weather Live response
- ④ Energy Saving by knowing the flow

Outdoor Smart Sprinkler Controller

Product: Sprinkler Controller

Protocols: Wi-Fi, Wi-Fi&BLE

Highlights:

- ① Garden caring with remote control
- ② Hands free watering by schedule & voice
- ③ Can control 8/16 zones
- ④ Energy Saving by knowing the flow

Smart LED Strip Lights

Decorate lighting for your home

Market:

- 16.4ft (19.99\$) or 32.8ft (34.99\$)

Application:

- A perfect decoration for **Christmas, Party, Wedding, New Year.**
- Can be used in anywhere: **Home, Bedroom, TV, Kitchen, Outdoor**
- Other application: **Car, Garden**

Evolution:

- Strip light + remoter + App(BLE/WIFI/Zigbee) + **Voice control (Alexa, Google home)**

Highlight:

- RGB
- Music with built-in microphone
- Remote and App
- Easy to install: DIY

Smart Robot Vacuum

Highlights

- Map scanning: display cleaning maps and home environment in real time
- Map management: manage maps of multiple floors
- Map editing: support to customize a cleaning strategy and personalize cleaning
- Automatic charging: provide battery sensing and automatic recharging functions
- Cleaning mode: provide multiple cleaning modes to meet needs in various scenarios
- General advantages: App control, UI failure alarm, App message push, intelligent scene linkage and cloud timing control
- Voice control: support voice control on five platforms including Amazon Alexa, Google Assistant, Xiaodu of Baidu, Dingdong of Jingdong and Xiaowei of Tencent

Automatically detect the home environment

Disinfection Cabinet, Integrated Stove, Range Hood, Steam Oven, Dish Washer

Cooking Product Solutions | Cloud Recipe Backend

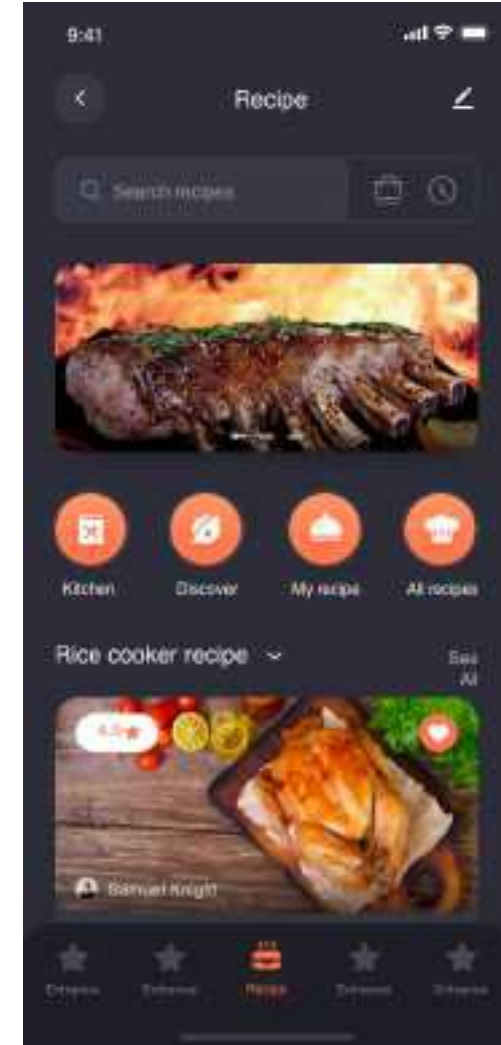

- Use the recipe background for free, flexible entry of recipes
- 31 languages available
- Once the cloud recipe is opened, numerous OEM devices have access to it.
- Enter content and the page in public version is displayed in the App instantly
- Banner management, new device operation and new recipe transmitted to user without cost
- Nutrients analysis and record the nutritions you have taken into your stomach.

Cooking Product Solutions | Kitchen Appliance App

- Support tourist mode, view recipes without registration on the App
- Banner advertising space (B-end operation content, for example, recommend a new device)
- Show recommended new recipes on the homepage, to increase the utilization rate of new recipes
- Update continues...

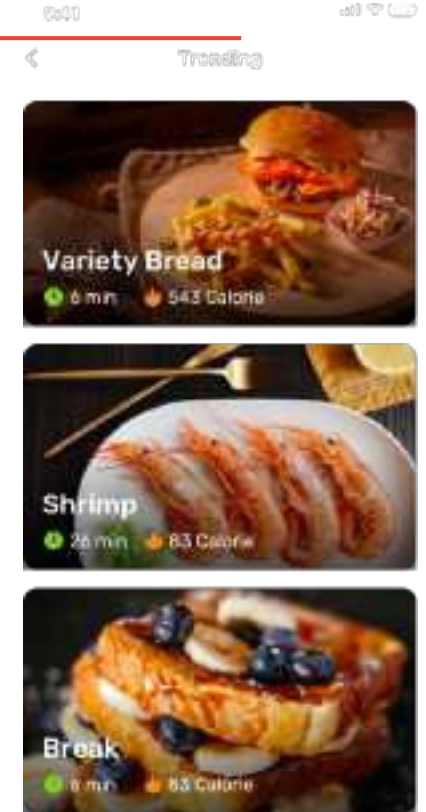

For customers of kitchen appliance brands, place **Recipe** on the App homepage, which not only strengthens App characteristics and personality of kitchen appliances for brand customers, but enhances user's experience on recipes.

Air Fryer

Highlights

- Recipe storage: Support 31 multi-language, cloud storage recipes
- Recipe upload: Support upload customized recipe
- Recipe operation: Support cloud recipe one-key/step-by-step cooking
- General advantages: App control, UI failure warning, App message push, intelligent scene linkage, cloud timing control
- Voice control: Support Amazon Alexa and Google Assistant

Sous Vide

Highlights

- Recipe view: Support to view cloud recipes
- Recipe operation: Support step-by-step cooking
- History record: Support for query of cooking history
- Message reminder: Once cooking completed, push a message reminder
- General advantages: App control, UI failure warning, App message push, intelligent scene linkage, and cloud timing control

Product name: Slow cooking stick
Product model: MW-1710W3

Product name: Slow cooking stick
Product model: MW-1710W2

Product name: Slow cooking stick
Product model: MW-1710W

Electric Kettle

Highlights

- Preset boiling water: Support preset boiling water function
- Kettle status: support real-time query of kettle working status
- Heat preservation function: support a variety of heat preservation modes for different scenarios
- General advantages: App control, UI failure warning, App message push, intelligent scene linkage and cloud timing control
- Voice control: Support Alexa, Google, Jingdong Dingdong, and Tencent voice control

Product name: Electric kettle
Product model: KG-1528E

Product name: Electric kettle
Product model: T-9017C

Product name: Electric kettle
Product model: T-602C

Coffee Maker

Highlights

- Intelligent voice: Support voice control of the number of cups and query of working status, etc.
- Working status: Support real-time query of working status of device
- General advantages: App control, UI failure warning, App message push, intelligent scene linkage, and cloud timing control
- Voice control: Support Amazon Alexa and Google Assistant

Product name: Coffee maker
Product model: AX-WF188

Product name: Coffee maker
Product model: AX-WF187

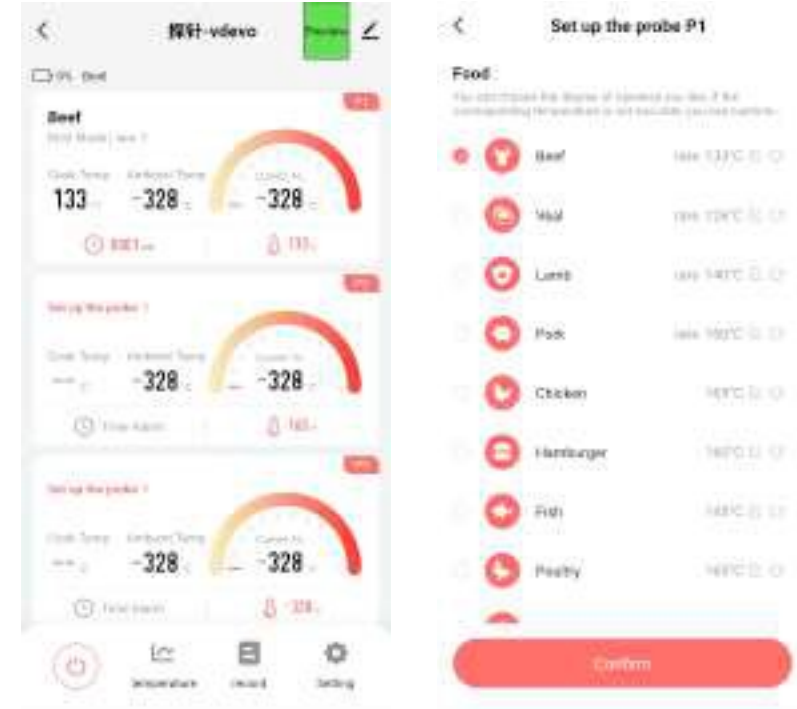

Product name: Coffee maker

Food Probe

Highlights

- Support 1 to 8 probes
- Temperature and timing reminder through App, to enjoy food in time
- Real-time and remote monitoring of temperature and master temperature changes
- Cooking records and favorites, recording user preferences
- Preset cooking food scenes, support customized food cooking

Kitchen Machine

Highlights

- Support intelligent operation screen/Android system, and functions such as steam, fry, stew, boil, fry, knead, blend, ferment, etc.
- Provide Tuya IoT SDK (Android version) (suitable for self-networking devices with screens)
- Provide SDK of WeChat Mini Program
- Cloud recipes managed by background, B-end easily manages cloud recipes
- Cloud recipes support one-key/multi-step execution, and cooking parameters sent directly to a device for execution
- Recipe search, cooking history, favorites, App customized recipes upload, etc.

Smart Small Appliance Category

Small Heating Appliances

Heater, Electric Blanket, Electric Fireplace, Electric Heating- Table, Towel Disinfection Dryer

Fans

Console Fan, Tower Fan, Desktop Fan, Hanging neck Fan, Handheld Fan, Air cooler Fan, Recirculating Fan, Ceiling Fan, Bladeless Fan

Environment Appliances

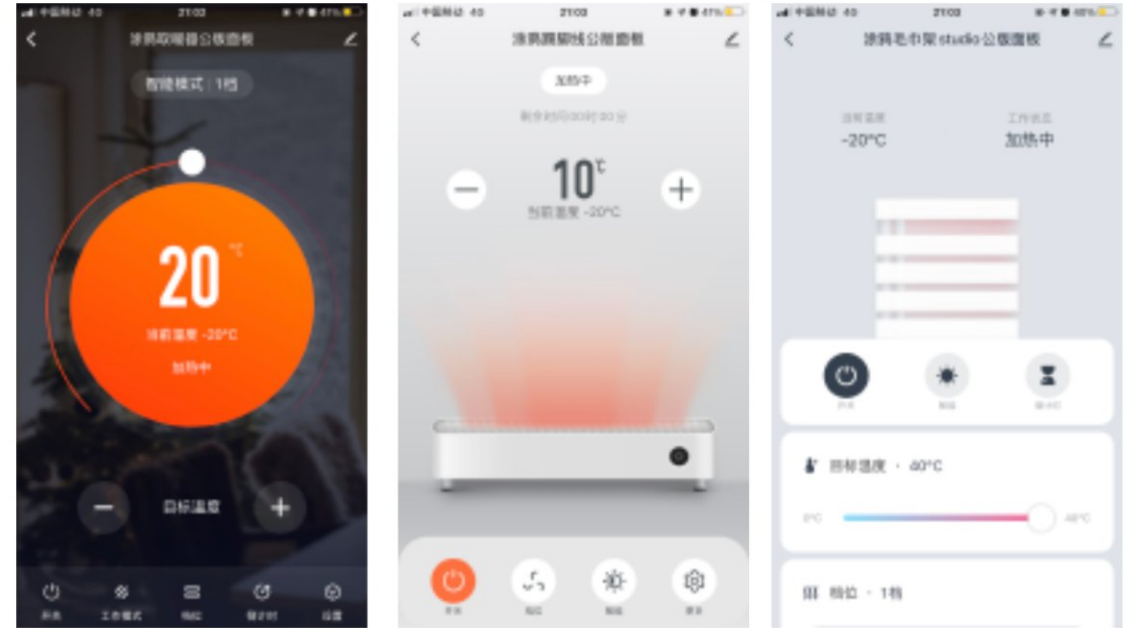

Aroma diffusers, Humidifiers, Air purifiers

Heating Appliances

Highlights

- Weekly schedule control: Monday to Sunday
- Timer reservation/Countdown, remote preheating in advance
- Electric Fireplace: 3D lighting control, a variety of lighting control switch, flame light control, fire power gear color switching
- Electric Blanket: partition app control , left and right/up and down zone control , partition temperature adjustment , voice control, partition appointment timing/countdown
- Fault alarm, overheating/dumping push messag
- Remote control: app/voice control, voice access to all platforms
- Scene linkage: interconnect with sensor scene

Fans

Highlights

- Remote control: open, close, gear adjustment, mode, head shaking, night light, sweep up and down, sweep left and right, etc.
- Time appointment function: formulate weekly procedures according to personal habits
- Custom mode: add selling points to the product
- Report the working status of the equipment to brand owners for equipment monitoring
- Connect with devices in the Tuya system
- Voice control: support voice control on six platforms including Amazon Alexa, Google Assistant, Xiaodu of Baidu, Dingdong of Jingdong, Xiaowei of Tencent and Naver Clova

Aroma Diffuser

Highlights

- One-button switch: App, voice and other ways to switch
- Fog control light mode: Support multiple fog mode switching
- Light mode: Colorful lighting night soft lighting
- Reservation timing: Control the humidification time
- Fault reminder: Water shortage and power failure to protect safety
- Voice control: support voice control on six platforms including Amazon Alexa, Google Assistant, Xiaodu of Baidu, Dingdong of Jingdong, Xiaowei of Tencent and Naver Clova

Product name: bladeless-fan-type guoxin diffuser
Product number: GX-13K

Product name: diffuser
Product number: JXT-X057

Product name: diffuser
Product number: JXT—P4

Product name: smart aroma humidifier
Product number: WAD-08

Humidifier

Highlights

- One key switch: App, voice and other ways to switch
- Fog control: Support multiple fog mode switching
- Sterilization control: Sterilize before humidifying to purify water quality
- Environmental test: TVOC, PM2.5 and other environmental testing
- Temperature and humidity control: Accurate detection, human body comfortable temperature and humidity out of fog
- Voice control: support voice control on five platforms including Amazon Alexa, Google Assistant, Xiaodu of Baidu, Dingdong of Jingdong, Xiaowei of Tencent

Air Purifier

Highlights

- Mode switch: Multiple air-net mode switching adaptation scenarios
- Wind speed switch: Adjust the air flow path according to the wind speed
- Sterilization control: Ultraviolet sterilization and purification without dead ends
- Filter life detection: Real-time view of filter life to prevent secondary pollution
- Environmental quality inspection: Real-time display to check environmental quality
- Voice control: support voice control on six platforms including Amazon Alexa, Google Assistant, Xiaodu of Baidu, Dingdong of Jingdong, Xiaowei of Tencent and Naver Clova

Baby Product Category

Baby Feeding Products

Babycook, Baby Sterilizer, Milk Kettle, Milk Dispenser, Smart Milk Kettle, Breast Pump

Baby Safety & Care Products

Baby Bassinet, Sleep Monitoring Belt, Camera, Alarm Clock, Infrared Temperature Sensor, Smart Night Light, UV Germicidal Lamp

Intelligent Milk Maker

App remote control: one-button brewing milk powder

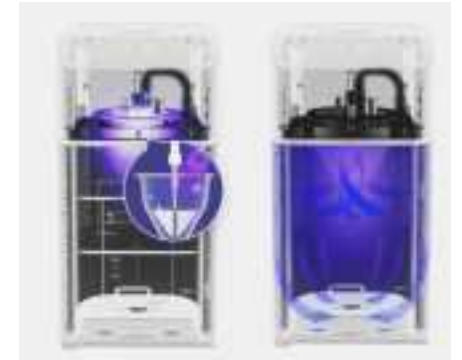

Daily APP records of feeding data and growth curve

Super cyclone high temperature cleaning technology

Automatic UV sterilization and air drying technology

When not working, the intelligent milk machine can automatically cruise and sterilize every 2 hours for half an hour to keep the healthy environment.

It can be used for several days after filled with milk powder, and adopts the spacecabin isolation technology to avoid the milk powder from getting wet and deteriorated.

One machine for multiple purposes

Adult milk powder

Baby milk powder

Instant coffee

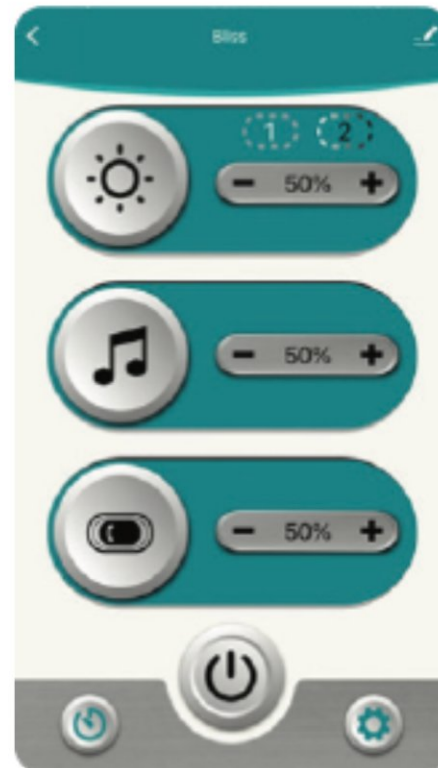

Elderly milk powder

Smart Bassinet

The Smart Bassinet is an infant bed that helps your baby fall asleep while keeping your hands free.

You can control these functions by using the control pad

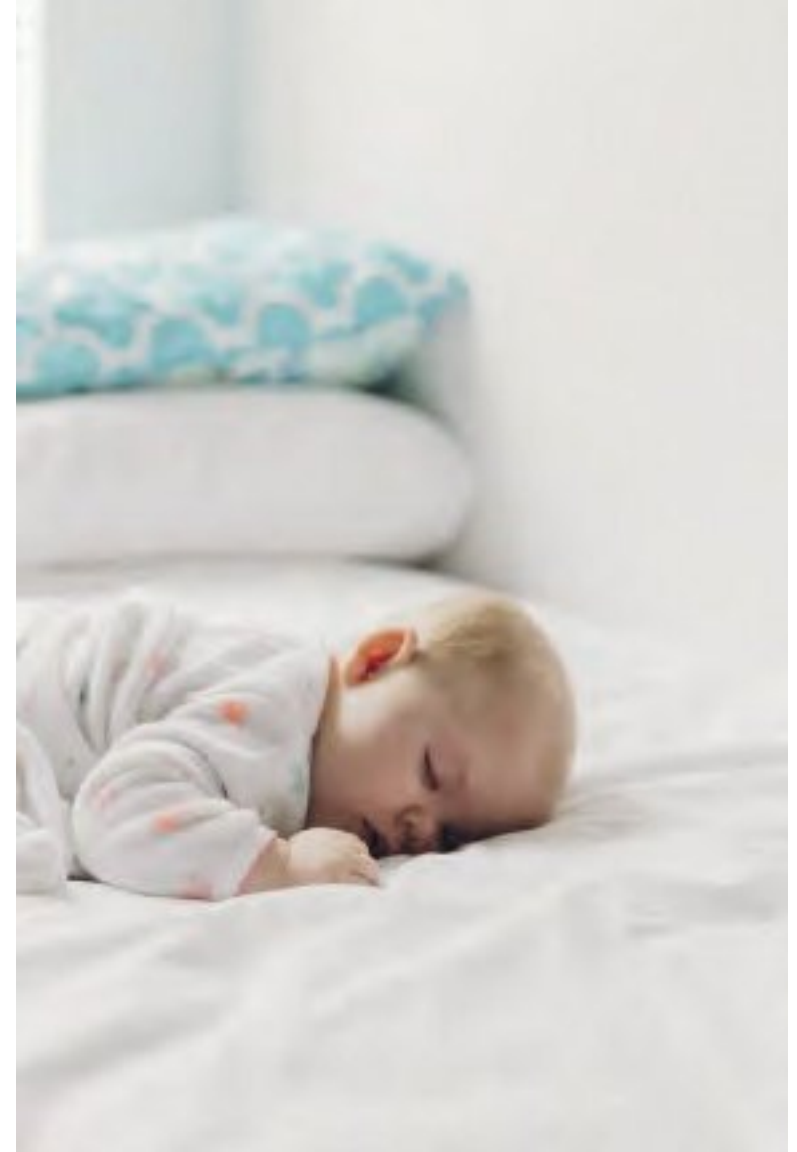

Configuration with
Amazon Echo &
Google Home

Sleep Monitoring Belt

Highlights

- Non-wearable sleep monitoring belt, protect your sleep without feeling
- Real-time monitoring of heart rate and breathing rate, so that every breath and heartbeat can be seen
- Sleep report, abnormal alarm, personalized sleep advice

Baby Camera

Sound Detection

Preset Lullabies

Temperature Sensor

Motion Detection

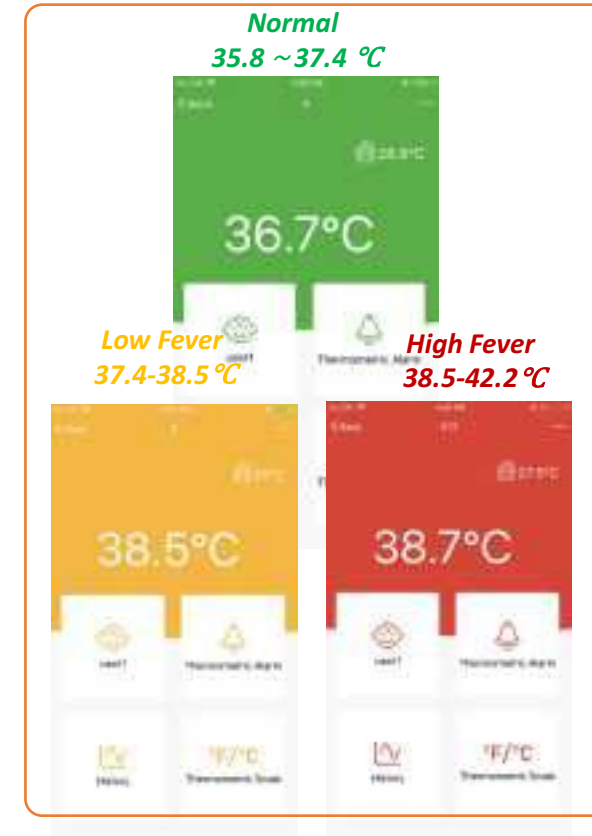

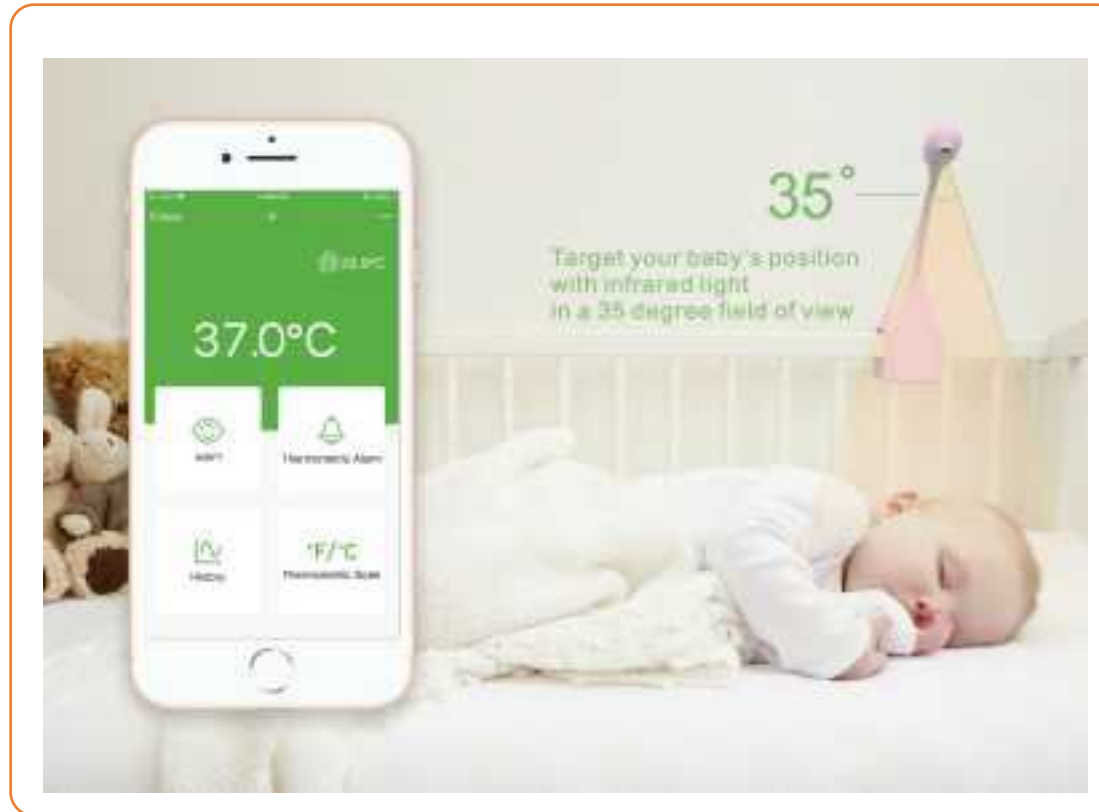

Night Lamp

Children's Alarm Clock

Infrared Temperature Sensor

Smart Night Light

App Smart Motion Night light (Plug Version)

No need to worry about the light.

Natural Soft Light/Smart Sensor/Energy Saving/Multiple Choice/
Can be Constantly Bright Or Off/Small and Exquisite

Photosensitive + human body induction

Sensitive with advanced
motion detection technology

5-7 meters in front
2-3 meters in side

Out of the sensing range
(Lights out)

Sensing to the human body
(Automatic lighting)

15 seconds after the person
leaves the sensing range
(Automatically extinguish)

Smart App Control+Speech Control

App smart control / custom brightness duration/
brightness for Nite Core Extreme adjustment

UV Germicidal Lamp

Smart Wi-Fi connection makes remote control more convenient

Sterilize regularly
Live Healthier

Ultraviolet + Ozone
Double Sterilization

The sterilization rate is 99%, and the mite removal rate is 100%

Safe Sterilization

Wi-Fi Connection

Custom Mode

Health & Fitness Product Category

Sports & Fitness

Body Fat Scale, Kitchen Scale, Watch, Bracelet, Cup, Fascia Gun, Massage Chair, Mini Massage Stickers, Wake-up light

Medical Health

Pill Box, Blood pressure monitor

Personal care

Electric toothbrush, Electric shaver

Smart Body Fat Scale

Highlights

- Connect and use: support multiple people to use, manage data separately
- Automatic data distribution: user measurement results automatically belong to users
- Data sharing: family members can follow your data in real time
- Parameter monitoring: support 13 physical index measurement
- Three-party data synchronization: support data synchronization googlefit, Apple Health, Fitbit
- Support baby holding mode: baby weight can be measured (to be developed)

Product name: Bluetooth body fat scale
Product number: BF1321-WF

Product name: Bluetooth body fat scale
Product number: GBF-1714-F_001

Product name: Bluetooth body fat scale
Product number: YL-S-01

Smart Kitchen Scale

Highlights

- Connect and use: Support multiple users to manage their diet data
- Food Bank: Support North American Database and Chinese Food Bank (will be expanded)
- Diet record: accurate record of daily diet, which can be checked at any time
- Nutrient intake analysis: Recommend nutrient intake standards based on user information
- Goal setting: Users can set daily nutrition intake goals, and remind users if they exceed the limit
- Extra features: support peeling function, support coffee brewing ratio

Smart Watch/Bracelet

Highlights

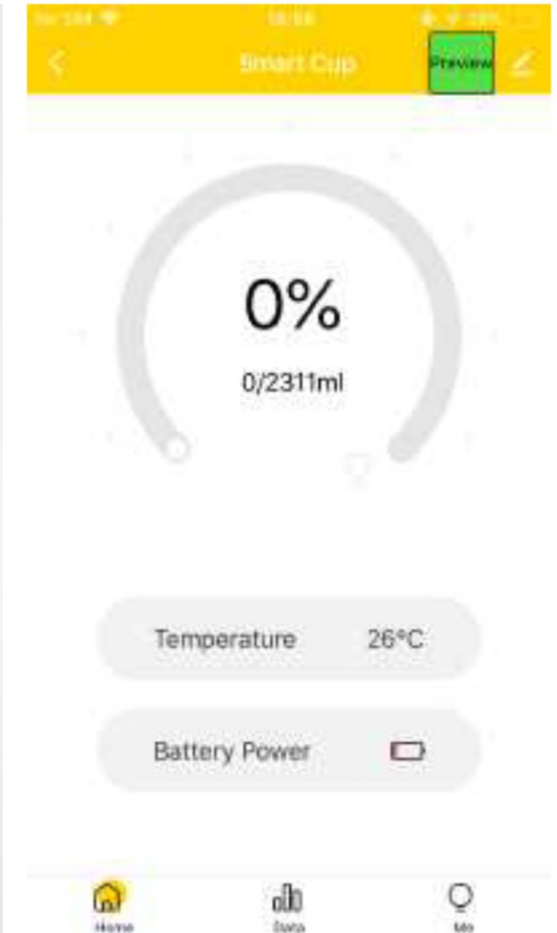

- IoT device control: control IoT devices at home through beacon technology and device communication
- Third-party data services: Supports synchronization of health data to third-party services
- Health data monitoring: Real-time step count, calorie consumption, walking distance view
- Historical data statistics: Supports viewing daily/week/month multi-dimensional data trends
- Sleep monitoring, monitor daily sleep status
- Intelligent analysis of sleep
- Reminders & Alerts: Sedentary reminder, Sleep reminder / wake up reminder

Bluetooth Smart Cup

Highlights

- LED Screen in the lid which display current water temperature.
- Expired water reminder and drink water reminder.
- Bluetooth connection to mobile phone, water drinking data upload to the cloud.
- Set a water drinking goal to see if user achieve the goal everyday.
- Personalized recommendation of daily water consumption.
- See real-time statistics of drinking water,also can view daily/weekly/monthly water drinking chart.
- Set drinking water alarm clock to remind users to drink water regularly.

Smart Fascia Gun

Highlights

- Bluetooth connection, operate from App control
- Multiple massage heads to replace
- 4 levels of intensity to adjust
- Smart timing
- Battery power display

Smart Massage Chair & Mini Massage Stickers

Highlights of Smart Massage Chair

- 8 massage procedures, zero gravity experience, relax your body and mind
- Hand control, app control, voice control.
- Follow the body curve, fit everywhere, soft and skin-friendly.

Highlights of Mini Massage Stickers

- Small and convenient low-frequency pulse massage patch
- 4 modes, 10 levels of intensity adjustment, find the best way for you
- App remote control, operation more freely

Smart Wake - up Light

Highlights

- Wifi connection mobile app control.
- Professional white noise, music selection, volume adjustment.
- Infinitely adjust the color and brightness of the IPL.
- Immersive scene mode, support users to add custom modes.
- Add a timer, which can be used as a wake-up alarm or as a sleep companion on time.
- Support Alexa, Google home voice control.

Smart Pill Box

Highlights

- Drug storage management, medication reminder
- App add medicines, make medicine taking plan
- Cloud storage of medication records,
synchronization of medication records with family
- Pill box positioning, quickly find the pill box

Smart Curtain System Product Category

Roller blind motor

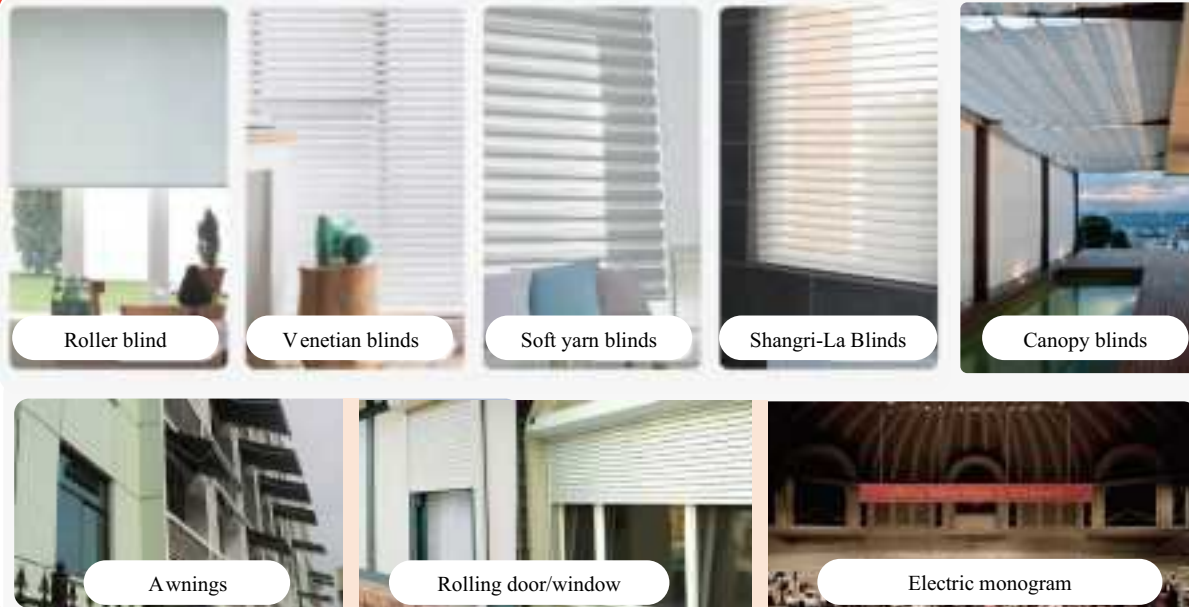

Curtain motor

Curtain controller

Smart Roller Shutter Motor

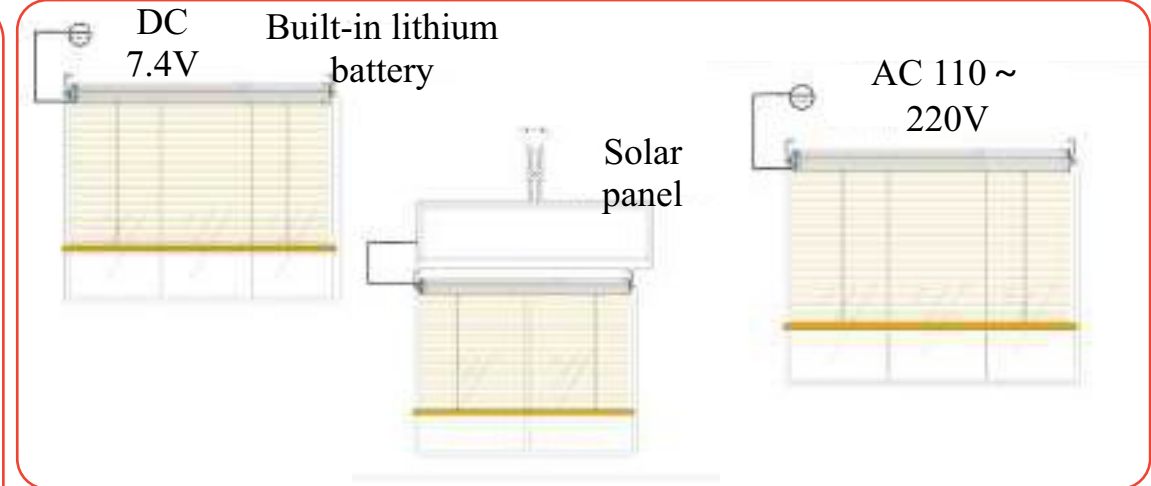

Highlights:

- ① Multiple usage scenarios
- ② Multiple power supply methods

Protocols: Wi-Fi, Wi-Fi&BLE, BLE , Zigbee , Zigbee3.0

Power source: lithium battery, solar and AC power supply

Brand: DOOYA、Raex、 WISTAR

DIY Roller Shutter Motor

Highlights:

- ① Retrofit solution for traditional curtain
- ② Easy to mount without wiring or motor
- ③ Cost competitive compared with motor

Protocols: Wi-Fi, Zigbee

Power source: lithium battery, solar and AC power supply

Brand: WISTAR、Zemismart、A-KO

Smart Curtain Driver For Roman Curtains

Highlights:

- ① No screws, easily Install
- ② The most affordable motorized curtain solution.
- ③ Don't waste your curtain, retrofit it.

Protocols: Wi-Fi

Power source: Battery and USB

Brand: Zemismart

Smart Curtain Motor

Highlights:

- ① Alexa / Google/Echo/IFTT/Yandex home voice control
- ② Support timer schedule setting, repeat daily or weekly

Protocols: Wi-Fi, Zigbee

Power source: AC power supply

Brand: DOOYA, Raex, WISTAR

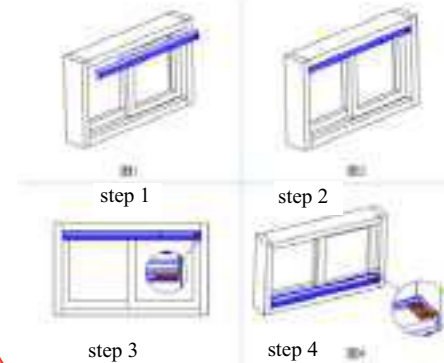

Tensioned Shade Motor

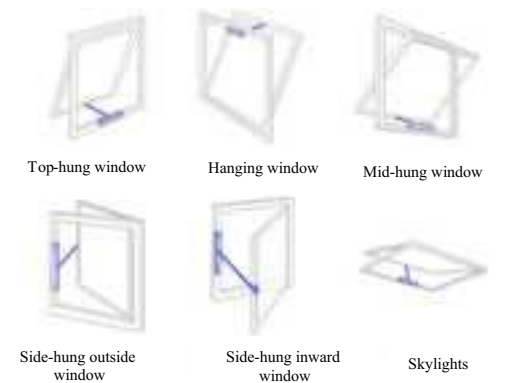

Protocols: Wi-Fi, Wi-Fi&BLE, Zigbee

Application: Side wall windows, flat sliding windows, top windows and door controllers

Push-pull

Chain type

Lifting Motor

Protocols: Wi-Fi, Zigbee

Application: Lifting tables, tatami mats, wall cabinets...

Electric push rod
lifting table, lifting bed

Lifting column
tatami mats, cabinets

Lifting frame
wall cabinet

Lifting frame
lifting table

Smart Large Home Appliance Category

Large Home Appliances

Air Conditioner, Fridge, Washing Machine,
Clothes Dryer, Water Heater, Water Heater,
Gas Boiler, Smart Heat Pump, Ventilation-
System, TV

Air Conditioner

Highlights

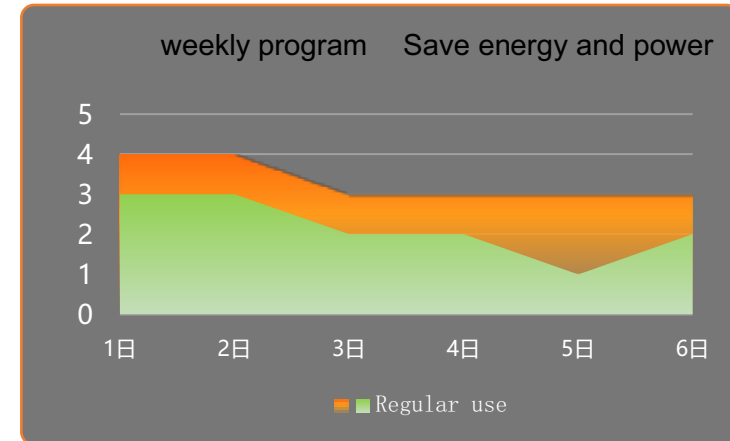

- General functions: realtime control, realtime status, quick toggle settings
- Device sharing: Support family management and device sharing
- Group control: Support control of a group of devices of the same type
- Timer: Provide timing function and multi-time segment appointment and set weekly schedule control
- Energy Consumption Statistics: Provide rich statistics interfaces and multiple statistics dimension
- Sleep curve: support to set temperatures and wind speeds for up to 12 hours; intelligently adjust temperatures
- Safety reminder: Provide multiple message push manners and issue targeted notifications of equipment failure and alarm

Water Heater

Highlights

- Remote control: heat water in advance
- Weekly program control: provide multiple weekly programs for selection and customize water heating time
- Map fence: start the water heater when the GPS system detects that you are less than 5 kilometers to your home
- Energy consumption statistics: view electricity and water statistics in real time and manage electricity and water scientifically
- General advantages: App control, UI failure alarm, App message push, smart scene linkage, cloud timing control
- Voice control: support voice control on three platforms: Amazon Alexa, Google Assistant and Yandex Alice

Product name: electricity water heater

Product name: gas water heater

Product name: solar water heater

Product name: hanging gas heater

Product name: heat pump

TV

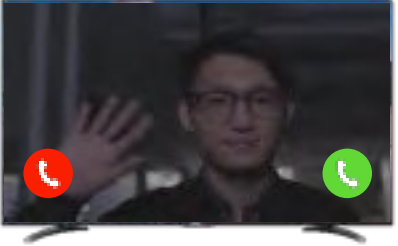

As a central control device, Smart TV can control all Tuya devices and control the execution of the set scenes. And it can also be used as an entrance for intuitive interaction with users, real-time feedback device related information, and support push video doorbell video message intercom.

Highlights

- Mobile APP control & Voice control
- Different ways to play on TV
- Support device firmware OTA upgrade
- Powerful data and operation platform
- Tuya TV version APP
- Push abnormal news to know the situation at home in time

"Ding Dong, Ding Dong"

Someone rings the doorbell, answer or hang up?

Smart camera

Detect baby crying, do you want

Flood sensor

"Detecting water leakage in the kitchen at home, do I need to help you call the property?"

Control the execution of the scene

Check the condition of the equipment at home

Control the execution of equipment

Other Small Appliances | Pet Feeder

Highlights

- Intelligent management: support feeding on time and in a fixed quantity
- Intelligent monitoring: provide video monitoring and two-way voice and photo taking and video recording functions
- Surplus food monitoring: provide food remaining and shortage monitoring functions and message reminders
- General advantages: App control, UI failure alarm, App message push, intelligent scene linkage and cloud timing control
- Voice control: support Google Assistant

Product name: elspet intelligent feeder
Product number: ELS-F001

Product name: pet feeder
Product number: TY-AF2W

Product name: pet feeder
Product number: TY-806W

Product name: pet feeder
Product number: TA-FD-BL6 (IPC)

Smart Digital Products | Bluetooth Headset

Highlights

- mobile APP actively searches and connects quickly
- IoT device broadcast
- Support voice broadcast for all Tuya Eco products
- Reject dangerous driving: voice reminder is more humane
- The alarm information can also be kept with the mobile phone
- 2 voice reminding modes to meet individual needs.
- Anti-lost device, remind you when earphone and mobile phone are far away
- Mobile APP completes various settings of the headset
- APP problem feedback, make products closer to users

Smart Digital Products | BLE RGB Smart Phone USB cable

Smart power - off control

Music rhythm

Charging transmission

Light Strip

Highlights :

- Connect to smart phone via Bluetooth
- light up in different colors by monitoring current range
- Control USB charging and RGB lights respectively
- Ambient Light & night light
